

Accreditation for IIMK courses

Mumbai, Feb. 13

Indian Institute of Management Kozhikode (IIMK) has received international accreditation by the Association of MBAs (AMBA) for its PGP (Post Graduate Programme) and the EPGP (Executive Post Graduate Programme) courses. The Association of MBAs is an organisation that accredits postgraduate business programs at international business schools. It differs from other accreditation bodies in the US and Europe as it accredits specific postgraduate business programmes rather than entire schools. AMBA accreditation is an internationally recognised global standard for postgraduate business education. "This is yet another significant milestone for IIMK," said the Director of IIMK, Prof Debashis Chatterjee. - **Our Bureau**
