Mumbai, May 2

Mumbai Business School has entered into a tie-up with Great Lakes Institute of Management aiming to provide international standard management education. As part of the tie-up, Mumbai Business School will revise their curriculum with special

focus on Finance, Financial Services and Human Resources as well as bringing in new faculty members.

The courses will be for a one-year duration. "With an ever changing and complex business environment, we had witnessed the growing demand within organisations to groom talent in the

field of finance education. There was a need for a business school that would address the growing need for training the corporate citizens in Mumbai," said Mr A. Mahendran, Founder and Chairman, Mumbai Business school and Managing Director at Godrej Consumer Products Ltd.
