FINDING A WAY OUT ... LEARNING CURVE AT IBA

"IBA offers young well groomed talented students. Our experience has been very good and students from IBA have turned out to be an asset for the organization," said M. J. Saxena, Managing Director of Ayurved Limited.

Ayurved has hired several management graduates from Indus Business Academy or IBA, a premier business school with campuses in Bangalore and Greater Noida.

Campus placements for the 2011-April pass out batch have been very good unlike other business schools where placements are just half-way through.

Students have already stepped in to the corporate door of the companies like Deloitte, Kotak Mahindra, Ernst & Young, Mahindra Finance, Berger paints and et al.

In, 2009, when other B-Schools could not even place more than 50% of their students, IBA had placed al-

most all from the passing out batch with 3 international placements and excellent domestic placement leading to an avg. statistics of 4.2 lakh p.a.

Saurabh Khandelwal, Area Sales Manager of Times Business Solutions

and alumni of IBA credits IBA for imbining leadership quality in him.

Competition Success Review has selected IBA among one of the Top Institutes of India Award & the award will be conferred on 30th April 2011 at New Delhi.
