

“3D VIDEO CODING”

A DISSERTATION

**Submitted in Partial Fulfillment of the Requirements for the Award of the
Degree of**

**MASTER OF TECHNOLOGY
IN
VLSI DESIGN AND EMBEDDED SYSTEM**

By

**YUVRAJ GOEL
(19/VLSI/09)**

**Under the Supervision of
Dr. ASOK BHATTACHARYYA
(Professor)**

**Department of Electronics and Communication Engineering
DELHI TECHNOLOGICAL UNIVERSITY**

(Formerly Delhi College of Engineering)

DELHI-110042

2009-2011

ACKNOWLEDGEMENT

It is a great pleasure to have the opportunity to extend my heartiest felt gratitude to everybody who helped me throughout the course of this project.

It is distinct pleasure to express my deep sense of gratitude and indebtedness to my learned supervisor **Prof. Asok Bhattacharyya**, former H.O.D. Department of Electronics & Communication, Delhi Technological University, Delhi and **Mr. Srijib Narayan Maiti**, Technical Lead, **STMicroelectronics, Greater Noida**, for their invaluable guidance, encouragement. I am very thankful to **Prof. P.B.Sharma**, Honorable Vice-Chancellor, **Prof. S.Maji**, Dean(IRD) and **Prof. B.D.Pathak**, Dean(Academics), Delhi Technological University, Delhi, who allows me to do project under the Guidance of **Prof. Asok Bhattacharyya** in collaboration with STMicroelectronics on “3D Video Coding”. With their continuous inspiration, valuable guidance in carrying out this work under their effective supervision, encouragement, enlightenment and cooperation, it becomes possible to complete this dissertation and all of them kept on boosting me with time, to put an extra ounce of effort to realize this work.

I would also like to take this opportunity to present my sincere regards to all the faculty members of the Department for their support and encouragement.

I would also like to thanks the management of STMicroelectronics, Greater Noida, for allowing me to use the necessary tools which are required to complete this project work.

I am grateful to my parents for their moral support all the time, they have been always around to cheer me up, in the odd times of this work. I am also thankful to my friends for their unconditional support and motivation during this work.

YUVRAJ GOEL

M.Tech. (VLSI Design & Embedded System)

University Roll No: 19/VLSI/09

Department of Electronics & Communication Engineering

Delhi Technological University

Formerly Delhi College of Engineering, Delhi-110042

CERTIFICATE

Certified that the thesis work entitled “**3D Video Coding**” is bonafide work carried by **YUVRAJ GOEL** (University Roll No: 19/VLSI/09) in partial fulfillment for the award of degree of Master of Technology in VLSI Design and Embedded System of the Delhi Technological University, Delhi during the year 2009-2011. The project report has been approved as it satisfied the academic requirements in respect of thesis work prescribed for the Master of Technology Degree.

Prof. Asok Bhattacharyya
Former H.O.D.
Electronics & Communication Dept.
Delhi Technological University, Delhi.

Mr. Srijib Narayan Maiti
Technical Lead (AST)
STMicroelectronics,
Greater Noida.

TABLE OF CONTENTS

List of Figures

List of Tables

Abstract	1
Chapter 1 : Introduction	2 - 4
1.1 Motivation	2
1.2 Thesis Organization	3
Chapter 2 : Background	5 - 19
2.1 Fundamentals of stereo visualization	5
2.2 Applications of multi-view imaging	6
2.2.1 Stereoscopic Displays	6
2.2.2 Free-viewpoint video	8
2.2.3 Video editing and special effects	9
2.3 Video Coding Standards	10
2.3.1 Coding Standard Comparison	10
2.3.2 H.264/MPEG-4 Part 10 AVC	12
2.3.2.1 Prediction	14
2.3.2.1.1 Intra Prediction	15
2.3.2.1.2 Inter Prediction	15
2.3.2.2 Core Coding	18
2.3.2.3 Entropy Coding	18
2.3.2.4 In-Loop De-blocking Filter	19
Chapter 3 : Literature Review	20 - 26
3.1 Existing 3D Video Formats	20
3.1.1 Simulcast	20
3.1.2 Stereo Interleaving	21
3.1.3 2D + Depth	23
3.1.4 Multiview Video Coding	24

Chapter 4 : Methodology Adopted	27 - 36
4.1 Introduction	27
4.2 Steganography	27
4.3 Encoding Phase	28
4.3.1 For Depth Sequence	28
4.3.2 For Colour Sequence	29
4.3.3 Merging	30
4.4 Decoding Phase	33
4.4.1 For Depth Sequence	33
4.4.2 For Colour Sequence	33
4.5 Software Used	33
4.6 Implementation of Previous concepts in JMVC	34
4.7 Implementation done for Steganography	34
Chapter 5 : Results and Analysis	37 - 50
5.1 Using Same Quantization Parameter	37
5.2 Using different Quantization Parameter	41
5.2.1 Sequence : MSR_BreakDancer	42
5.2.2 Sequence : Nokia_Dancer	44
5.2.3 Sequence : MSR_Ballet	46
5.2.4 Sequence : Kendo	48
5.3 Analysis	50
Chapter 6 : Thesis Conclusion	51 - 52
6.1 Conclusion	51
6.2 Future Directions	51
Bibliography	53 - 55
