ACKNOWLEDGEMENT

It is distinct pleasure to express my deep sense of gratitude and indebtedness to my supervisor Dr. B. Jhamnani, Assistant Professor, Department of Civil Engineering, Delhi Technological University, (Formerly Delhi College of Engineering), for his invaluable guidance, encouragement and patient reviews. His continuous inspiration only has made me complete this dissertation. Without his help and guidance, this dissertation would have been impossible. He remained a pillar of help throughout the project.

I am also grateful to Prof. S. K. Singh, Head of Department of Environmental Engineering, for providing the experimental facilities in various labs of the Department.

I express my sincere gratitude to the faculty and non-teaching staff of Environmental engineering department and the library of Delhi Technological University for providing the relevant information and help when needed during the course of this project work.

I am also thankful to my friend Sameer Arora and Paritosh Goyal for their unconditional support and motivation during this work.

DECLARATION

I, hereby declare that the work being presented in the Project Report entitled **“PERFORMANCE APPRAISAL OF COMMON EFFLUENT TREATMENT PLANT (CETP) AT BADLI”** is an original work and an authentic report carried out during the period of 4th Semester as a part of my major project.

The contents of this report has not been previously formed the basis for the award of any degree, diploma or other similar title or recognition and is being utilized by me for the submission of my Major Project Report to complete the requirements of Master’s Degree of Examination in Environmental Engineering, as per Delhi Technological University curriculum.

VIJAY KUMAR SUKERIYA

Roll NO. 06/ENV/2010

M.Tech, Environmental Engineering,

Delhi Technological University,

CERTIFICATE

This is to Certify that the major project work titled “**PERFORMANCE APPRAISAL OF COMMON EFFLUENT TREATMENT PLANT (CETP) AT BADLI**” submitted by Mr. Vijay Kumar Sukeriya, Roll No. 06/ENV/2K10 Department of Environmental Engineering, Delhi Technological University, Delhi, is the bonafide work carried out by him under my guidance. The contents of this report have not been submitted in any form for the award of any degree/diploma elsewhere and he have successfully completed his project work.

(Dr. B.JHAMNANI)
