

A Dissertation on

**“Water Pollution Load Assessment of Yamuna River
Basin (Okhla -Agra)”**

Submitted in partial fulfillment of the requirement
For the award of the degree of

Master of Technology
(Environmental Engineering)

Submitted by:
Sameer Arora
Roll No: 05/ENV/10

Under the Guidance of:

Dr. B. Jhamnani
&
Dr. Anil Kumar

**DEPARTMENT OF ENVIRONMENTAL ENGINEERING
DELHI TECHNOLOGICAL UNIVERSITY
(FORMERLY DELHI COLLEGE OF ENGINEERING)**

2012

ACKNOWLEDGEMENT

It is distinct pleasure to express my deep sense of gratitude and indebtedness to my supervisor Dr. B. Jhamnani, Assistant Professor, Department of Civil Engineering, Delhi Technological University, (Formerly Delhi College of Engineering), and Dr. Anil Kumar, Assistant Professor, Department of Environmental Engineering, Delhi Technological University for his invaluable guidance, encouragement and patient reviews. His continuous inspiration only has made me complete this dissertation. Without his help and guidance, this dissertation would have been impossible. He remained a pillar of help throughout the project.

I am also grateful to Prof. S.K. Singh, Head of Department of Environmental Engineering, for providing the experimental facilities in various labs of the Department.

I express my sincere gratitude to the faculty and non teaching staff of Environmental Engineering department and the library of Delhi Technological University for providing the relevant information and help when needed during the course of this project work.

Sameer Arora
Roll No. 05/ENV/2K10
M.Tech, Environmental Engineering,
Department of Environmental Engineering,
Delhi Technological University

DECLARATION

I, hereby declare that the work being presented in the Project Report entitled “**Water Pollution Load Assessment of Yamuna River Basin (Okhla -Agra)**” is my original work and an authentic report carried out during the period of 4th Semester as a part of my major project.

The contents of this report has not been previously formed the basis for the award of any degree, diploma or other similar title or recognition and is being utilized by me for the submission of my Major Project Report to complete the requirements of Master’s Degree of Examination in Environmental Engineering, as per Delhi Technological University curriculum.

(SAMEER ARORA)

Roll No. 05/ENV/2010

M.Tech, Environmental Engineering

Department of Environmental Engineering,

Delhi Technological University

CERTIFICATE

This is to certify that the major project work entitled “**Water Pollution Load Assessment of Yamuna River Basin (Okhla -Agra)**” submitted by Mr. Sameer Arora, Roll no. 05/ENV/2K10, student of Master of Technology (M.Tech) in Environmental Engineering from Department of Environmental Engineering, Delhi Technological University, Delhi, is the bonafide work carried out by him under our guidance. The contents of the present report have not been submitted in any form for the award of any other degree/diploma elsewhere.

(Dr. B.JHAMNANI)

Assistant Professor,
Department of Civil Engineering
Delhi Technological University,
Delhi.

(DR. ANIL KUMAR)

Assistant Professor,
Department of Environmental Engineering
Delhi Technological University,
Delhi.

TABLE OF CONTENTS

S. No.	PARTICULARS	Page No.
	Acknowledgement	ii
	Declaration	iii
	Certificate	iv
	Table of Contents	v
	List of Figures	vii
	List if Tables	xi
	Abstract	1
	Chapter 1: Introduction	3
1.1	Introduction	3
1.2	Maximum Daily Load Assessment Process	4
1.3	MDLA Scope	6
1.4	Elements of A MDLA	6
1.5	Objective of the Study	7
	Chapter 2: Literature review	9
2.1	Background of Yamuna river	9
2.2	Segments of Yamuna River	12
2.3	Uses of Yamuna River Water	17
2.4	Pollution Sources of River Yamuna	19
2.5	Water Quality Issues in Yamuna River	21
	Chapter 3: Methodology	24
3.1	Introduction	24
3.2	Study Area	26
3.3	Sampling and Monitoring	32
	Chapter 4: Water Quality Of Yamuna River up to Okhla	35
4.1	Introduction	35
4.2	Water quality of Yamuna between Hathnikund and Wazirabad Barrage	35
4.3	Water quality of Yamuna between Wazirabad and Okhla Barrage	39

	Chapter 5: Water Quality Study of Yamuna from Okhla to Agra	67
5.1	Introduction	67
5.2	Okhla Barrage	68
5.3	Sahadara Drain	69
5.4	Asgarpur Village	69
5.5	Wastewater from Noida and Ghaziabad	69
5.6	Hindon River	75
5.7	Faridabad Drain (Bhudia Nalla)	76
5.8	Hasanpur village (Hodal)	77
5.9	Gauchi Drain	79
5.10	Vrindavan - Mathura upstream	79
5.11	Gokul Barrage	83
5.12	Mathura Drains	83
5.13	Mathura Refinery drain	84
5.14	Sikandra	84
5.15	Agra Drains	88
5.16	Jeewini Mandi	91
	Chapter 6: Result And Discussion	99
6.1	Analysis of 1 st segment of study area of river system	99
6.2	Analysis of 2 nd segment of study area of river system	110
6.3	Total Pollution Load in Yamuna	119
	Chapter 7: Conclusion & Recommendations	125
7.1	Conclusion	125
7.2	Recommendations	127
	References	132

LIST OF FIGURES

S. No.	PARTICULARS	Page No.
2.1	Yamuna River basin	11
2.2	Location of Major Cities along Yamuna River	13
2.3	Points of Water Abstraction & Additions in Yamuna River	14
3.1	Yamuna river and pollution outfalls between Okhla and Gokul barrage	29
3.2	Yamuna river and pollution outfalls between Gokul barrage and Agra	30
4.1	Yamuna River and Western Yamuna Canal	40
4.2	Yamuna river and pollution outfalls between Tajewala barrage and Wazirabad barrage	41
4.3	Yamuna river and pollution outfalls between Wazirabad barrage and Okhla barrage	44
4.4	Physio-chemical result of Najafgarh & Supplementary Drain	54
4.5	Physio-chemical result of Magazine road Drain	54
