(UNIVERSITY ROLL NO.13861)

Master of Engineering

In

Production Engineering

Department of Mechanical Engineering

Under the Supervision of

Prof. Vishav Kamal

Associate Professor

Department of Mechanical Engineering
Delhi College Of Engineering, Bawana Road
Delhi-110 042, INDIA
University Of Delhi

STUDENT DECLARATION

I hereby certify that the work which is being presented in the major project entitled “Use of Finite Element Method in Plastic Bending and Forging in Metal Forming”, in partial fulfillment of the requirements for the award of the degree of Master of Engineering in Production Engineering, submitted to the Department of Mechanical Engineering. This is an authentic record of my own work carried under the supervision of **Prof. Vishav Kamal** of Mechanical Engineering Department, Delhi College Of Engineering, Delhi

I have not submitted the matter embodied in this major project for the award of any other degree. I am responsible for the originality of the research findings.

ACKNOWLEDGEMENT

It is distinct pleasure to express my deep sense of gratitude and indebtedness to my learned supervisor **Prof. Vishav Kamal**, in the Department of Mechanical Engineering, Delhi College of Engineering, for his invaluable guidance, encouragement and patient review. Their continuous inspiration only has made me complete this major project.

I am thankful to my all teachers, classmates and friends for their unconditional support and motivation during this project. It is a great opportunity for me to extend my heartiest felt gratitude to everybody who helped me throughout the course of this minor project in anyway.
