

**Assessment of genetic variation among accessions of  
*Bacopa monnieri* using ISSR markers**

*A Major Project dissertation submitted in partial fulfilment of  
the requirement for the degree of*

**Master of Technology**

**In**

**Industrial Biotechnology**

*Submitted by*

**Sanskriti Ravi**

**(DTU/13/M.Tech/366)**

**Delhi Technological University, Delhi, India**

*Under the supervision of*

**Dr. Navneeta Bharadvaja**

Department of Biotechnology  
Delhi Technological University  
(Formerly Delhi College of Engineering)  
Shahbad Daultpur, Main Bawana Road,  
Delhi-110042, INDIA

## **CERTIFICATE**

This is to certify that the M. Tech. dissertation entitled “**Assessment of genetic variation among accessions of *Bacopa monnieri* using ISSR markers**”, submitted by **Sanskriti Ravi, (DTU/13/M.Tech/366)** in partial fulfilment of the requirement for the award of the degree of Master of Technology in Industrial Biotechnology, Delhi Technological University (Formerly Delhi College of Engineering, University of Delhi), is an authentic record of the candidate’s own work carried out by her under my guidance. This project has been carried out during the session 2015.

To the best of our knowledge, the information and data enclosed in this dissertation is original and has not been submitted elsewhere for the award of any other degree.

**Date:**

**Dr. Navneeta Bharadvaja**

Assistant professor  
(Project Guide)  
Department of Bio-Technology  
Delhi Technological University

**Professor. D. Kumar**

Head of the Department  
Department of Bio-Technology  
Delhi Technological University

# **DECLARATION**

I hereby declare that this M.Tech dissertation on the topic “**Assessment of genetic variation among accessions of *Bacopa monnieri* using ISSR markers**” submitted for partial fulfilment of the degree of Masters of Technology in Industrial Biotechnology is a record work done by me, under the guidance of **Dr. Navneeta Bharadvaja**, Assistant professor at Department of Biotechnology, Delhi Technological University, Delhi.

I further admit that this project has not been submitted to any other institution or organisation for any award or certificate.

SANSKRITI RAVI

2K13/IBT/17

M.Tech (Industrial Biotechnology)

(2013-2015)

# **ACKNOWLEDGEMENT**

With immense pleasure I wish to express my sincere gratitude to my mentor, Dr. Navneeta Bharadvaja, Assistant Professor, Department of Biotechnology, Delhi Technological University, for her kind supervision, constant guidance, motivation, encouragement, helpful advice and trust throughout the course of this study. Without her valued suggestion and cooperation this project would not have taken shape. It has indeed been an enriching scientific experience and I would like to thank her for providing me an opportunity to work under her guidance. I am also grateful to my senior Mrs. Nupur Jauhari , Research scholar at Department of Biotechnology, DTU for her help and cooperation throughout.

I take this opportunity to express my profound gratitude to Dr. D Kumar (Head of the Department, Department of Biotechnology, Delhi Technological University) for giving me this opportunity to work in the esteemed laboratory of Department of Biotechnology, DTU.

I would like thank to my colleagues and friends for their moral support and help throughout this project.

Finally I would like to thank my parents whose love, support and faith in me were a constant motivating factor during the course of this study.

SANSKRITI RAVI

(2K/13/IBT/17)

M.Tech-Industrial Biotechnology
