

CERTIFICATE

This is to certify that the dissertation entitled “**Characterization of effects of formulated plant extracts (Nutmeg and Pepper) on hyphal morphogenesis in *C.albicans***” by **Praveen Kumar Dwivedi (DTU/14/M.TECH/107)** in the partial fulfillment of the requirements for the reward of the degree of Master of Technology, Delhi Technological University (Formerly Delhi College of Engineering, University of Delhi), is an authentic record of the candidate’s own work carried out by her under my guidance. The information and data enclosed in this thesis is original and has not been submitted elsewhere for honoring of any other degree.

Prof. D Kumar

HOD

Department of Biotechnology
Delhi Technological University

Dr. Asmita Das

Assistant professor
Department of Biotechnology
Delhi Technological university

Dr. Tulika Prasad

Assistant Professor
AIRF
Jawaharlal Nehru University

ACKNOWLEDGEMENT

*I feel ecstasy to explicit my profound sense of gratitude and heard felt devotion to my project supervisor **Dr. Asmita Das**, Assistant Professor, Department of Biotechnology, Delhi Technological University, Delhi whose invaluable expert guidance helped us in preparation of this project report.*

*I would like to acknowledge my approbation and humility to **Dr Tulika Prasad**, Assistant Professor, School of Advanced Instrumentation Research Facility, JNU for her constant counseling and proper guidance during project work.*

*I express my gratitude to **Mr. V.S. Radhakrishnan** who have always been there as a support and helped me out in all aspects of my work. He always kept a keen eye on all my experimental procedures as well as outcome. I have learnt lot of practical and theoretical knowledge from him during the course of this dissertation.*

*I owe sincere and earnest thankfulness to **Ms. Richa Singh** for her constant motivation and support. I would like to give a deep thanks to **my brother** for his love and care which encourage me to complete my project successfully.*

*I also thank **Mr. Dinesh Kumar** for helping with the media preparation and autoclaving. I thank all my colleagues in the lab and all others who have helped in completion of this project.*

*To my **Father**, I feel the gift of your love and strength; I believe that everything in my life has been made possible because of you. To my **Mother**, when I see you, I see someone who has dedicated heart and soul to ensure a good life for the family. I pledge to always love and take care of both of you.*

Finally, I offer my thanks to other sources of contribution that might inadvertently have been left out.

Praveen Kumar Dwivedi

(2K14/BME/09)

M.Tech (Biomedical Engineering)

Department of Biotechnology

Delhi Technological University, Delhi

Date: 30/06/2016

Place: Delhi

DECLARATION

I hereby declare that the work which is being presented in this thesis entitled “**Characterization of effects of formulated plant extracts (Nutmeg and Pepper) on hyphal morphogenesis in *C.albicans***” is my own work carried out under the guidance of Dr. Asmita Das, Department of Biotechnology, Delhi Technological University, Delhi.

I further declare that the matter embodied in this thesis has not been submitted for the award of any other degree or diploma.

Date:

Praveen Kumar Dwivedi

Place: New Delhi

Roll No. 2K14/BME/09

List of Figures

Serial No.	Figure Name	Page No.
Fig 1	C.albicans Pathogenecity methods	5
Fig 2	Some antifungal drugs	6
Fig 3	<i>C. albicans</i> diverse drug targets	7
Fig 4	Different drug resistance Mechanisms	8
Fig 5	Different structural forms of <i>Candida albicans</i>	10
Fig 6	Sigmoidal growth curve of <i>Candida albicans</i>	18
Fig 7	Spot assay showing growth of cells in presence and absence of plant extracts	19
Fig 8	Hyphal morphogenesis in spider media	20
Fig 9	Hyphal morphogenesis in NAG media	21
Fig 10	Estimation of sterol in spider media	22
Fig 11	Estimation of sterol in NAG media	23

List of Tables

Serial No.	Table Name	Page No.
Table 1	Composition of YEPD media	12
Table 2	Spider broth media	13
Table 3	NAG media	13
Table 4	Chemicals used	14

CONTENTS	
Title	Page No.
Certificate	i
