ACKNOWLEDGEMENT

I would like to express my immense gratitude to mentor guide Dr. Pradeep Kumar Suri (Professor, Delhi School of Management, DTU) for imparting valuable support, encouragement, guidance and immense knowledge throughout the project.

I am also very thankful to all the faculty members of Delhi School of Management, DTU who guided me and provided their support whenever needed. Apart from that they helped me in finding my path and how to go about the project and provided me right input whenever needed.

Last not the least I would like to thank my parents without whose kind, support and love I could not have undergone the project smoothly. I am thankful to my friends and our seniors without whose cooperation and guidance the project would not have been completely successfully.

I thank all those who knowingly and unknowingly have helped me in the fulfillment of this project.

<u>ABSTRACT</u>

As a part of course curriculum of MBA, this project was assigned to provide some practical studies as well as the theoretical knowledge in the related areas for completing the project. This is a comprehensive report on **<u>"Knowledge Management System for Delhi School of Management-From Faculty Perspective".</u>**

The basic idea of assignment of this project is to augment the knowledge of students about the IT enabled Knowledge Management System requirement audit and hence making framework for its development. It is concerned with study of the requirement of the Knowledge Management system from faculty perspective. It also aimed to recommend the basic framework on how to develop the system to meet the stakeholder's needs using deployment and use case diagrams. This will not only help students, but to a large extent it will help the college to eventually develop a Knowledge Management System capable of maintaining and enriching itself with tacit as well as explicit knowledge in the best interest of faculty members. This project provides firm understanding about the various aspects in an IT system development.
