

# BOOK REVIEW

**Hi, I'm Vinita Joshi, sharing my review under our Central Library's Read and Reflect initiative. I recently read JRD Tata: A Complete Biography by Vinod Sharma, and I found it truly inspiring. What impressed me most was that even when the government didn't always support his business ventures, JRD Tata still stepped up to help the nation in times of emergency. The book highlights his vision, values, and contribution through Air India and the Tata Group. For me, it's not just about business—it's about leadership, humility, and service to the nation. This book left me motivated to believe that real success means giving back to society."**
